Subject: Duffy Rd

To The Municipality of Clare, It has come to my attention that the Duffy Rd has become impassable due being over grown. This can create safety hazards to people using this road. I would like to suggest that the road be bushed out to make it passable as there are ATV , dirt bikes , bicycles and walkers using this road. A lot of OHV vehicles use it to get to the gas station for fuel and to get refreshments , by cleaning up the road you will also help the economy of the area, and as we all know with covid everyone can use help with their local economy. Also if the road is cleared well enough could become another route in emergencies for emergency vehicles. I hope you will take a serious look at doing this work thank you Ron Goudey President Sou'west Nova ATV Association
